

# *ta Vimata Guest Information*

# Intro

Ta Vimata is a river facing property that has four ensuite bedrooms and a common area consisting of a kitchen, lounge, dining area and toilet. It can sleep eight people comfortably.

## *Intro continued...*

Three of the rooms are located at the top level while one room is located on the same level as the common area on the deck. All rooms have air conditioning and fans.

Please note that there are numerous stairs on the property which may be inconvenient for elderly guests. However the room adjacent to the common area on the deck is easily accessible and may be a suitable option.

# Meals

We recommend that you prepare written menus in advance of arrival. Please communicate these to the Cook on arrival and advise him of your preferred meal times.

# Linen

All rooms are equipped with linen including sheets and light cotton duvets.

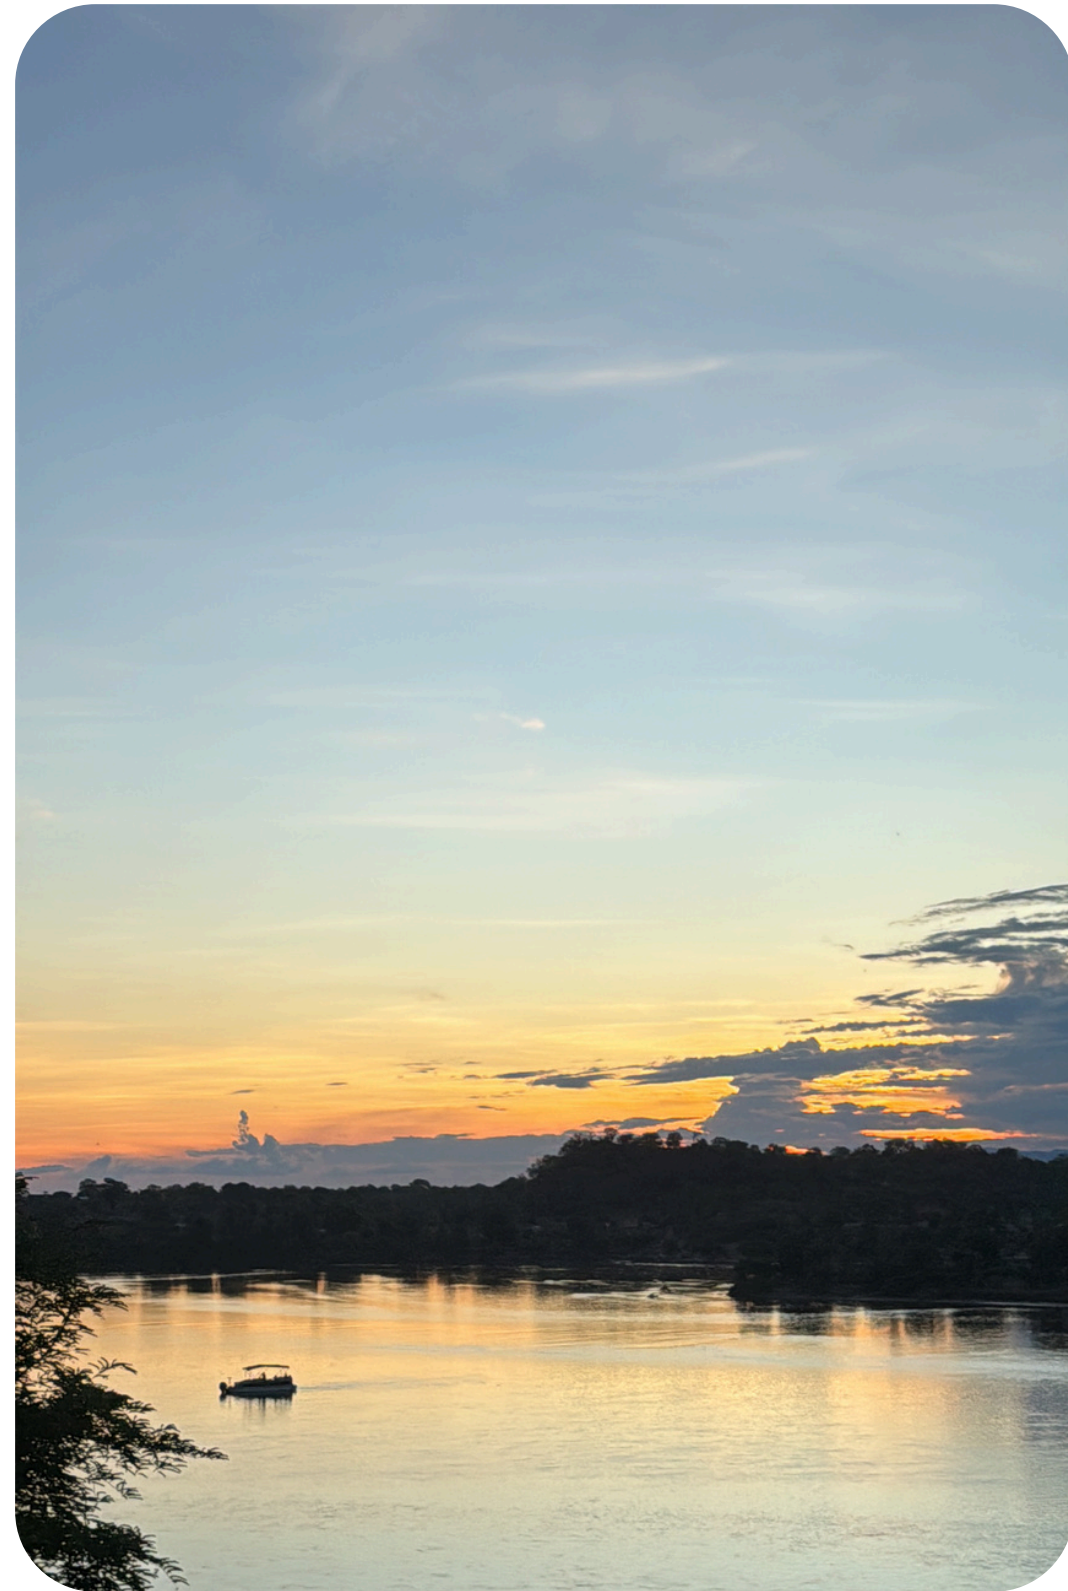

For guests with children who may wish for them to sleep on the floor in their room, or for anyone who would like to sleep under the stars on the deck, we have extra mattresses and linen available upon request.

Bath and hand towels are provided.

Mosquito nets are available as well.

# Electricity

The lodge is equipped with a reliable backup solar power system to ensure uninterrupted power supply.

In addition, a generator is available as an alternative power source, providing extra peace of mind and convenience during your stay.

# Entertainment

There is a swimming pool available for your relaxation and enjoyment.

Guests are welcome to bring their own boats or hire boats for fishing on the river. A jetty is available for tying up boats, and a launch pad is located nearby for easy access to the water.

Complimentary Wi-Fi is also available throughout the lodge for your convenience.
